2026 Caravans

Your Home Anywhere

Welcome to Swift

UK's No.1 brand for leisure vehicles

We are the UK's largest leisure vehicle manufacturer, producing touring caravans, motorhomes, campervans and holiday homes.

We've grown from simple foundations back in 1964, when our founder Ken Smith built his first touring caravan, to become the UK's number one leisure vehicle brand.

Our philosophy is to build leisure vehicles that are at the heart of your holiday, whether that be nestled in the countryside or by the sea, searching out active pursuits or simply enjoying a quieter pace of life. With a lifetime of memories waiting to be made, it's time to find your ultimate caravan.

Join the Swift community - search Swift Group or scan the QR code to connect with like-minded adventurers where innovation meets the open road!

Introducing The Swift Difference

There's no better feeling than stepping into your caravan for a relaxing getaway. We've dedicated countless hours of research and development to ensure that every detail of your caravan is built to last and luxuriously comfortable, so you can get on with the important things in life – creating memories and enjoying unforgettable holidays.

Only when you choose Swift can you enjoy this exclusive package of benefits, as part of our Swift Difference.

Check out our guides, articles and features!

SMART construction

The UK's leading modern construction system with 'PURE' timberless framing that's impervious to water.

See page 6 for more information.

Supreme comfort

Enjoy an exceptional night's sleep with a Duvalay mattress fitted to all fixed beds and exclusive to Swift.

Expert training

Launched in 2015, the Swift Academy helps employees develop skills at every career stage, supporting their growth and showing our commitment to their development.

Efficient living

Swift caravans are engineered with efficiency at its core - from low energy LED lighting to an aerodynamic exterior for better fuel consumption and safer towing.

All year freedom

Swift caravans are tested to the extreme in a cold chamber to ensure they achieve the Grade 3 thermal insulation rating. The internal temperature can be maintained at 20°C while the external temperature is as low as -15°C, so you can stay warm and comfortable whatever the weather.

Extensive choice

With 26 models across five core ranges, we offer a wide choice to suit various budgets, tastes, and tow cars, all backed by the UK's largest dealer network. Many models also include value-added extras for customisation.

Long term warranties

Extra reassurance with multiple warranties including an industry leading 10 year bodysell warranty.*

*Terms and Conditions apply

My Swift Life

My Swift Life provides owners with a unique personal profile, where you can access information that's specific to your caravan, including; outstanding warranty claims, service information and direct link into our Swift Customer Experience Team.

Pioneers

Innovation is our passion. We use advanced design to ensure our products look great, work intuitively, and function efficiently. Swift Command* allows easy control of onboard systems via a panel and smartphone app.

*Range specific

Standing the test of time with **SMART Construction**

As a leader in the leisure vehicle industry, we continuously innovate to raise the bar. SMART combines advanced materials and construction for better structural integrity, insulation, and weather resistance - ensuring your caravan stands the test of time and retains its value.

Strong

The strong timberless body frame uses 'PURE', a tough, hard polyurethane based product, that is totally impervious to water and has been proven through use.

Modern

SMART uses advanced materials and cutting-edge technology to ensure our caravans maintain their modern, stylish looks.

Aerodynamic

We continue to lead the way in aerodynamics using Computational Fluid Dynamics to help shape the bodyshell for better fuel consumption and safer towing.

Resilient

Our side GRP outer and inner skins are more impact resistant than aluminium and can be easily repaired, ensuring long lasting good looks, securing your investment for the future.

Tested

Extensive testing at Millbrook track and in cold chambers down to -15°C ensures our prototypes endure conditions beyond what most products face in a lifetime.

'PURE' Polyurethane framework

The strong timberless body frame uses 'PURE', a tough, hard polyurethane based product that is totally impervious to water, ensuring the longevity of your caravan.

Polystyrene core

For ensured accuracy, lightweight polystyrene is cut to shape using the latest water jet technology. With 22mm polystyrene used in the side walls, and 28mm used in the roof, all Swift caravans meet the Grade 3 thermal properties needed for year-round adventures.

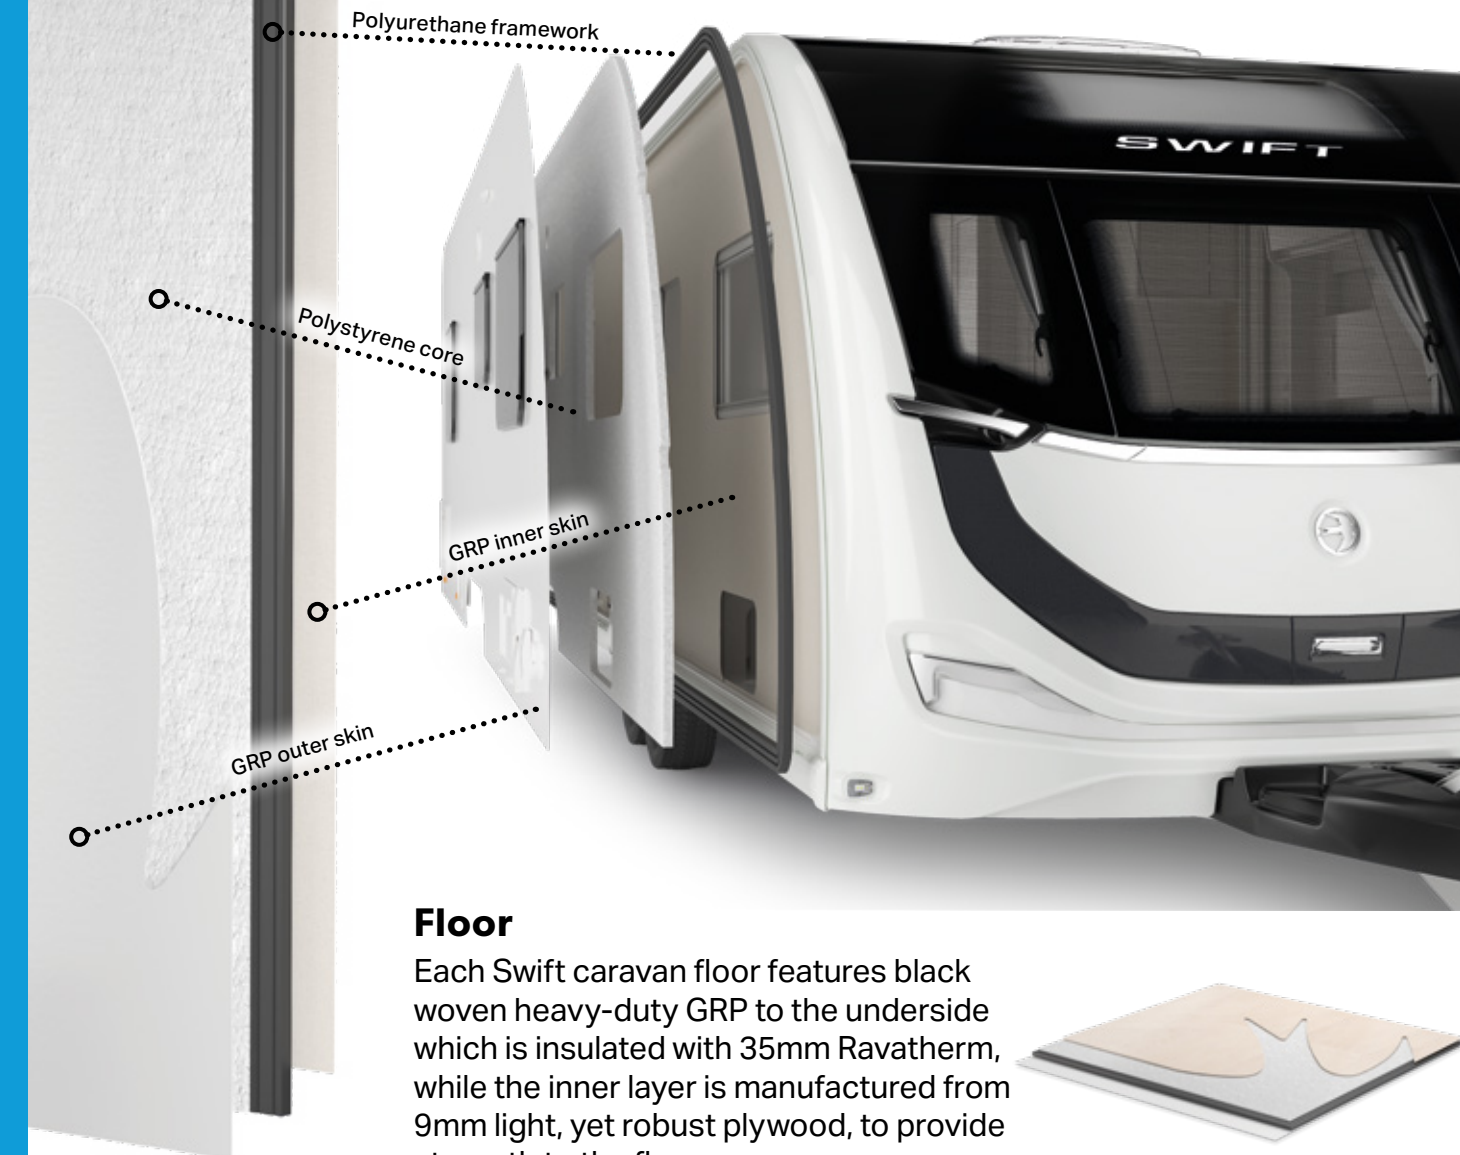

GRP

Manufactured at Swift, our GRP (glass reinforced plastic) front and rear panels are robust and resilient. The side panels feature outer and inner GRP skins of the same thickness to create a balanced panel which allows the caravan to expand and contract in different climatic conditions.

Unlike other manufacturers, our GRP inner skin does not use any jointing tape - all Swift caravans have a jointless sealing in the walls, and are embellished with wallpaper finishes.

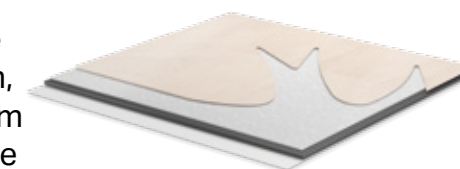

Roof

The hail-resistant roof's outer layer is fully bonded with woven white GRP. All Swift caravans feature reinforced roofs for added features like air conditioning and satellite dishes (model specific).

Floor

Each Swift caravan floor features black woven heavy-duty GRP to the underside which is insulated with 35mm Ravatherm, while the inner layer is manufactured from 9mm light, yet robust plywood, to provide strength to the floor.

BASECAMP 2

STEP INTO THE CROSSOVER CAMPING VEHICLE

Basecamp is a sporty, fun and stylish crossover camping vehicle. Designed for life's adventurers, it's the perfect choice for those seeking new experiences and outdoor pursuits away from the crowd.

Compact in size and weighing in at just 932kg (MRO), Basecamp can be towed by smaller cars and is easier to manoeuvre.

FUN. FRESH. FUNKY!

RVA2 awning is an aftermarket optional extra

Fabrics at a glance

We follow research insights and trends to keep ahead of the designs that appeal to both today's and tomorrow's customers, while also taking the time to understand what design aspects are important to you and your holiday lifestyle.

Today's trends involve a higher degree of ecological and environmental considerations, and at Swift, we share these values in our design and manufacturing decisions. We aim to replicate the natural world in both colour and material choices across all of our products.

Keeping on top of the trends through observation and research, we have seen a shift towards bolder accent colours as well as with colour palettes embracing warmer and softer earthy hues.

Basecamp

Basecamp is fitted with the Ocean soft furnishing scheme with calming tones of subtle blue and grey.

Sprite

Sprite is fitted with the **NEW** Cherub soft furnishing scheme with natural tones of subtle creams and greys.

Challenger

Challenger range is fitted with the **NEW** Aquaclean® Elephant soft furnishing scheme featuring cool grey tones.

Conqueror

Conqueror is fitted with the **NEW** Iron soft furnishing scheme with calming tones of subtle blue and grey.

Elegance

Elegance Grande is fitted with the **NEW** Aquaclean® Samara soft furnishing scheme with light natural brown tones.

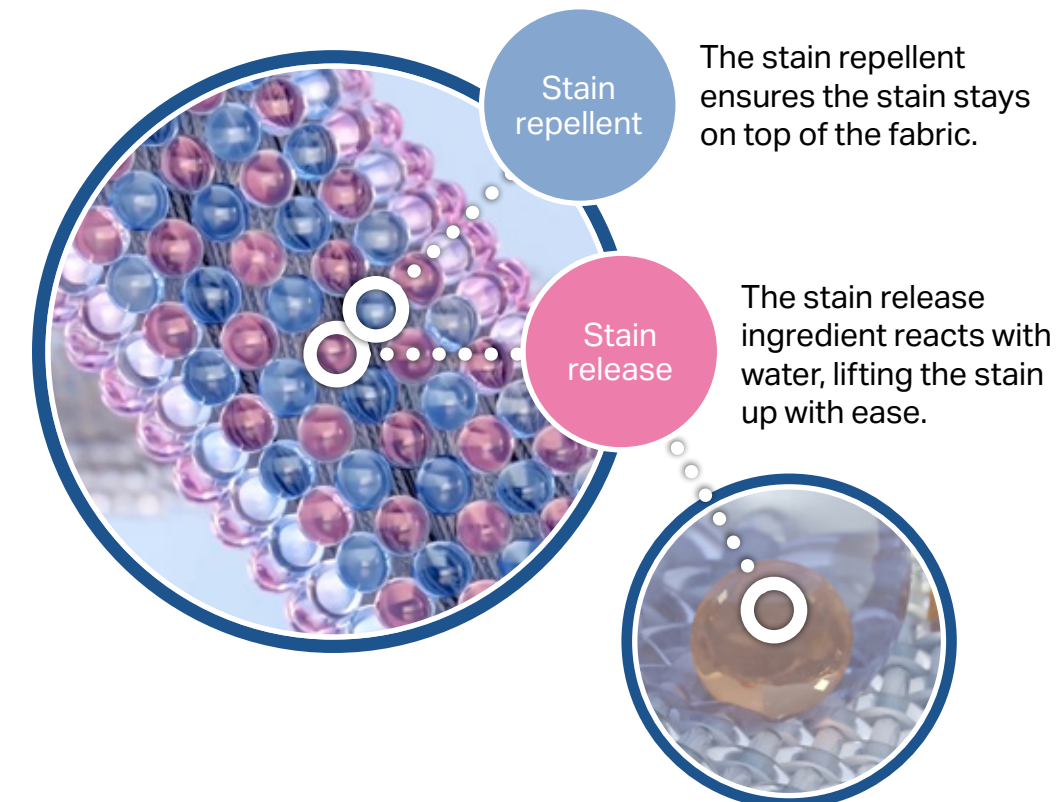

aquaclean[®]

fabrics for living

At Swift, we believe your holiday should be all about relaxation, enjoyment, and making lasting memories. That's why we've chosen Aquaclean® technology for our Challenger and Elegance caravans - an innovative fabric treatment that keeps your upholstery looking immaculate with minimal effort. With Aquaclean®, cleaning stains like wine, ink, sauce, or mud is as simple as using water, meaning no harsh chemicals are needed.

This advanced technology ensures that dirt and grime stay on the surface, making clean-up quick and easy, so you can spend more time enjoying your travels. Whether it's a cosy family dinner or a spontaneous snack on the go, Aquaclean® keeps your caravan's interior looking fresh, ensuring a hassle-free experience.

Backed by over 50 years of fabric expertise and trusted by over 3 million families worldwide, Aquaclean® fabrics combine quality with convenience. By choosing a Swift caravan, you're not just selecting a vehicle, but a lifestyle of ease and comfort. With Aquaclean® fabrics, you can enjoy stress-free holidays, knowing your upholstery will stay as beautiful as the day you set off.

See how it works!

Scan the QR code to watch a demo given by Aquaclean® Sales manager, James Lowe.

Layouts at a glance

Choosing the perfect Swift caravan for your holiday lifestyle starts with selecting the right layout. Spend some time reviewing the options to see what works best for your needs.

Island beds allow two people to get in or out without disturbing each other, while corner beds maximise space efficiency. Larger families might opt for our 6-berth layouts that include bunk beds.

Rear washrooms are ideal for couples, but a mid-washroom might be better if you travel with others to minimise disruption during nighttime trips to the bathroom.

With 26 layouts across our five ranges, you're sure to find the perfect fit for your family dynamic.

Masses: The masses are calculated in accordance with EU regulation 1230 / 2012 and NCC code of practice 304.

The Mass in Running Order (MRO) comprises:

1. The mass of the empty caravan as supplied by Swift including loose items such as the hook-up cable, kit bag, entrance step, manuals etc.
2. 10kg allowance for LPG (20kg on Elegance)

The MRO is calculated with the fresh water tank, toilet flush tank and water heater empty. If you travel with water in the fresh water tank, toilet flush tank and the water heater the payload will reduce accordingly.

The personal effects is based on the number of berths and the length of the caravan, and includes an allowance of 20kg for a leisure battery.

The Maximum Technical Laden Mass (MTPLM) is the maximum mass allowed when the caravan is fully laden.

WARNING: Under no circumstances should the MTPLM be exceeded.

Awning sizes: Due to the varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or the awning manufacturer prior to purchase.

The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures.

Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions.

Please note: Any dealer fit options will reduce the overall payload available to the user of the caravan. If you require additional payload it is possible to upgrade the MTPLM to the upper limit. Please contact your caravan dealer for more information.

LED road lights: Certain vehicles may require a secondary fuse box when towing models fitted with LED road lighting.

^The awning rail fitted to the side of the Basecamp is suited best for Vango awnings. Although other awnings may be fitted. Please check with your dealership.

More control with Swift Command

Available on our Basecamp and Elegance Grande ranges, Swift Command puts you in control of your onboard systems via a touchscreen panel and smartphone app. Use Bluetooth when nearby or your internet connection remotely to monitor power, temperature, humidity, and your vehicle's location. You can even control the heating for a warm welcome on colder days. The app also lets you set alerts for key functions like battery levels, frost warnings, and alarm status.

Head to the Apple or Android store and search for 'Swift Command'.

For more peace of mind, enhance your vehicle's security with the Thatcham Category S7-approved Swift Command Tracker by Sargent. Monitored 24/7 with European coverage and direct police liaison, the system is ready to use - just activate it by purchasing a subscription at www.swiftcommand.co.uk or by calling Sargent on 01482 881655.

Power
Track your energy use and manage your batteries for efficient use of your all important power services.

Lighting
Create just the right ambience onboard with easily adjustable lighting settings.

Location and remote features
Remotely connect to your leisure vehicle to check its location and system status. You can also control and monitor onboard services while away from your vehicle.

Water
Keep an eye on your precious water levels so you know in good time when to top-up.

Heating
Activate whilst out exploring and enjoy the warmth when you get back.

Fridge
Track your energy use and manage your batteries for efficient use of your all important power services.

Introducing the All NEW Truma CombiNeo

Available on our Challenger range, experience unparalleled comfort on your travels with the Truma CombiNeo, a 2in1 heater designed for caravans and motorhomes. Combining rapid room heating with exceptional hot water output, the CombiNeo ensures your living space is warm and your showers are endless* - no matter where the road takes you.

Endless Hot Water*: Enjoy long, relaxing showers after just 8 minutes of heat-up time.

Quick Warm-Up: Hot water ready in just 3 minutes for washing hands or dishes.

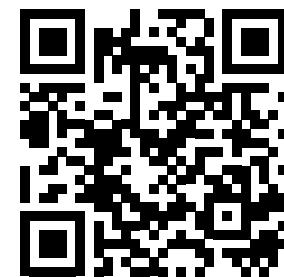

Efficient Heating: Fast and energy-saving heating of your living area.

Flexible Power Options: Operates on gas, electricity, or hybrid mode for maximum convenience.

Quiet Operation: Particularly quiet and emission-free in electric mode.

User-Friendly Control: Easily manage settings via the Truma iNet X panel or associated app.

*Endless hot water within appliance limits and conditions.
See camp.truma.com/en/combineo/ for details.

Get personal with My Swift Life

My Swift Life is now available to all Swift caravan, motorhome and campervan owners* providing owners with a unique personal profile, where you can access information that's specific to your caravan or motorhome, including; outstanding warranty claims, service information and a direct link into our Swift Customer Experience Team.

Log in to My Swift Life and report minor faults directly to Swift, enabling us to work together and allowing us to respond more quickly to your needs.

Our platform hosts a variety of information, including product notifications, customer bulletins, product recalls and upgrades, as well as important notifications about our products and services.

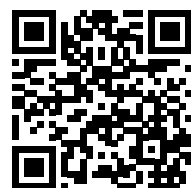

Using My Swift Life, you can also view chargeable orders that have been placed on your behalf, by your Swift dealer or servicing provider, along with any outstanding warranty claims from the date of ownership.

What's more, you'll have access to useful tips and our comprehensive "How To" video library, designed to help you familiarise yourself with your Swift caravan or motorhome.

* Available to UK registered customers only.

Join My Swift Life for all this and more

- Access to useful "How To" video guides
- Access to personalised information 24/7
- Ability to report minor faults directly to our Customer Experience Team
- Authorised claims passed directly to dealer to speed up the warranty process
- Product upgrades notifications
- Live messaging direct into Swift's Customer Experience Team
- Upload service history records
- Useful bulletins and alerts

Join the club! Swift Owners' Clubs

Ready to make the most of your Swift lifestyle?

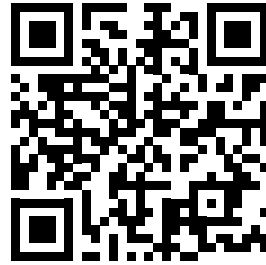

Whether you're a seasoned adventurer or just starting your journey, joining a Swift-affiliated Owners Club opens the door to a world of community, connection, and shared experiences.

Scan to learn more or visit [swiftgroup.co.uk/owners/owners-clubs/](https://www.swiftgroup.co.uk/owners/owners-clubs/)

Why Join a Swift Owners Club?

- ✓ **Meet like-minded explorers**
Connect with fellow Swift Owners who share your passion for life on the road.
- ✓ **Enjoy events & rallies**
From weekend rallies to full-on festivals, enjoy exclusive club gatherings across the UK and beyond.
- ✓ **Swap tips & travel stories**
Learn from others, share your knowledge, and pick up clever hacks and maintenance tips.
- ✓ **Exclusive member perks**
Clubs often offer deals, discounts, newsletters, and access to a wealth of support and advice.
- ✓ **Feel part of something bigger**
Our clubs are about more than just Swift leisure vehicles – they're about belonging.
